Australian Retirement Fund

1. Any plan, scheme, fund, trust, or other arrangement operated principally to administer or provide pension, retirement, superannuation, or death benefits that is a superannuation entity or public sector superannuation scheme (including an exempt public sector superannuation scheme) as defined in the Superannuation Industry (Supervision) Act 1993, or a constitutionally protected fund as defined in the Income Tax Assessment Act 1997.
2. A pooled superannuation trust as defined in the Income Tax Assessment Act 1997.
3. Any Entity that is wholly owned by, and conducts investment activities, accepts deposits from, or holds financial assets exclusively for or on behalf of, one or more plans, schemes, funds, trusts, or other arrangements referred to in subparagraphs (1) or (2) of this paragraph.

Financial Institution

A Financial Institution includes:

- a. Depository institution – entity that accepts deposits in the ordinary course of banking or similar business (banks, credit unions), or
- b. Custodial institution – entity that holds financial assets for the account of others as a substantial portion of its business (brokers, custodians), or
- c. Investments entity – means any entity that conducts as a business (or is managed by an entity that conducts as a business) one or more of the following activities or operations for or on behalf of a customer:
 - » it is established and operated exclusively for religious, charitable, scientific, artistic, cultural, athletic, or educational purposes;
 - » it is exempt from income tax in its country of residence;
- d. Specified Insurance Company

Investment Entity

1. an entity that primarily conducts as a business trading, investing, administering or managing financial assets or money on behalf of a customer.
2. an entity the gross income of which is primarily attributable to investing, reinvesting, or trading in financial assets where the entity is managed by another entity that is a Depository Institution, a Custodial Institution, a Specified Insurance Company, or the first type of Investment Entity.

An entity will be treated as primarily conducting a business or an entity's gross income will be primarily attributable, if the entity's gross income attributable to the relevant activities equals or exceeds 50 per cent of the entity's gross income.

Taxpayer Identification Number (TIN)

A TIN is a unique combination of letters or numbers assigned by a jurisdiction to an individual or an entity and used to identify the individual or entity for the purpose of administering the tax laws of such jurisdiction.

Some jurisdictions do not issue a TIN. However, these jurisdictions often utilise some other high integrity number with an equivalent level of identification. Examples of that type of number include a business/company registration number.
