Appendix 4D Results for announcement to the market GDI PROPERTY GROUP

This Appendix 4D should be read in conjunction with the half yearly financial report of GDI Property Group for the half year ended 31 December 2023.

1. GDI Property Group

This report is for GDI Property Group ("GDI"), comprising the stapled entities GDI Property Group Limited (ACN 166 479 189) ("the Company") and GDI Property Trust (ARSN 166 598 161) ("the Trust").

GDI was formed on 16 December 2013 by the stapling of shares in the Company to units in the Trust. Each stapled security consists of one share in the Company and one unit in the Trust, which pursuant to a Co-operation Deed dated 25 November 2013, cannot be dealt with or traded separately.

The responsible entity of the Trust is GDI Funds Management Limited (ACN 107 354 003, AFSL 253 142), a wholly owned subsidiary of the Company.

For the purposes of statutory reporting, the stapled entity, GDI, is accounted for as a consolidated group. Accordingly, one of the stapled entities must be the 'deemed acquirer' of the other, with the Company being chosen as the deemed acquirer of the Trust.

2. Reporting period

The financial information contained in this report is for the six-month period from 1 July 2023 to 31 December 2023.

3. Highlights of the results

¹ FFO is a Property Council of Australia definition which adjusts AIFRS net profit for non-cash changes in investment properties, non-cash impairment of goodwill, non-cash fair value adjustments to financial instruments, amortisation of incentives, straight-line adjustments and other unrealised one-off items. A reconciliation of total comprehensive income for the period to FFO is provided at section 2.1 of the Directors' Report.

² AFFO adjusts FFO for incentives paid during the period, maintenance capex and income tax expense.

³ This calculation is based on the comprehensive profit attributable to stapled security holders of GDI.

4. Commentary on the results

During the past six months we have leased 28,000sqm of space representing 28% of our Perth office portfolio. Refer to the Directors' Report of the 31 December 2023 half yearly financial report for a commentary on the results of GDI.

5. Dividends/distributions declared and paid and dividend/distribution reinvestment plan

Distributions/dividends declared or paid in respect of the reporting period were:

	Amount per	Total	Franked amount
	security	distribution	per security
	cents	\$'000	cents
FY23 final – paid 31 August 2023	2.500	13,290	-
FY24 interim – declared 18 December 2023	2.500	13,410	-

A distribution reinvestment plan was operated by GDI when paying the FY23 final distribution. In total, 4,427,665 new securities were issued in accordance with the terms of the distribution reinvestment plan.

The distribution reinvestment plan is not applicable to the FY24 interim distribution.

6. Changes in control over group entities

There were no acquisitions or disposals of controlled entities during the period.

7. Investments in joint ventures

Material investments in joint ventures are as follows:

	December 2023	December 2022
Resource Accommodation Management Pty Limited	49.99%	0.00%
RAM Operations Pty Limited	50.00%	0.00%
GDI Tulla Investment Management Pty Limited	50.00%	0.00%
Co-living Accommodation Trust 1	50.00%	0.00%

As disclosed in the interim financial report at Note 6, GDI has recognised an aggregate share of net profit from the joint ventures listed above amounting to \$3.2 million for the half-year ended 31 December 2023 (for the half-year ended 31 December 2022: \$0.0 million).

8. Compliance statement

This Appendix 4D has been prepared in accordance with AASB Standards (including Australian interpretations) and other standards acceptable to the ASX. This Appendix 4D and the half yearly financial reports upon which it is based use the same accounting policies.

The financial report for the six-month period ended 31 December 2023 has been reviewed by the auditors for GDI.

A copy of the GDI half yearly financial report for the six months ended 31 December 2023, with the auditor's review conclusion, has been lodged with the ASX.

Independent Auditor's Review Report	

For the six-month period ended 31 December 2023

The Directors of GDI Property Group Limited ACN 166 479 189 ("the Company") and GDI Funds Management Limited ACN 107 354 003; AFSL 253 142 as Responsible Entity for GDI Property Trust ARSN 166 598 161 ("the Trust") present their report together with the half yearly financial report of the Company and its controlled entities and the Trust and its controlled entities for the six-month period ended 31 December 2023. Shares in the Company are stapled to units in the Trust to form GDI Property Group ("GDI").

The half yearly financial reports of the Company and its subsidiaries and the Trust and its subsidiaries have been presented jointly in accordance with ASIC Class Oder 13/1050 relating to combining or consolidating accounts under stapling and for the purpose of fulfilling the requirements of the Australian Securities Exchange ("ASX"). The Responsible Entity of the Trust is GDI Funds Management Limited. GDI Funds Management Limited is a wholly owned subsidiary of the Company and shares a common board.

1. Directors

The following persons were Directors of the Company and GDI Funds Management Limited during the half year and to the date of this Directors' Report:

Director		Appointment date
Gina Anderson	Independent Chairman	5 November 2013
John Tuxworth	Independent Non-Executive	20 February 2017
Giles Woodgate	Independent Non-Executive	16 November 2017
Stephen Burns ¹	Managing Director & CEO	15 November 2018

2. Review of results and operations

The Board monitors a range of financial information and operating performance indicators to measure performance over time. The Board uses several measures to monitor the success of GDI's overall strategy, most importantly Funds From Operations ("FFO") and GDI's total return, calculated as the movement in net tangible assets ("NTA") per security plus distributions per security. FFO is a Property Council of Australia definition which adjusts statutory AIFRS net profit for noncash changes in investment properties, non-cash impairment of goodwill, non-cash fair value adjustments to financial instruments, amortisation of incentives, straight-line adjustments and other unrealised one-off items.

2.1 Financial performance

1. Stephen Burns was appointed Acting Managing Director on 16 March 2023 and Managing Director & CEO on 14 June 2023.

2.1 (a) Property business

Perth office market

GDI's office portfolio is heavily weighted to Perth which has experienced nine consecutive quarters of positive absorption, continuing to be one of the better performing office markets in terms of occupier demand. The consistency of positive net absorption in the Perth office market has been underpinned by expansionary activity in the resource, government and professional service sectors and is in stark contrast to the larger East Coast office markets.

Vacancy rates have continued to decline and remain at their lowest level since 2015, as the market benefits from both strong demand fundamentals and limited supply. The constrained supply and increased demand have led to growth in net effective rents as both face rents increase and incentives tighten. As expansionary and centralisation activities in the Perth CBD continues, we aim to take advantage of the forecast rental growth through successfully leasing our remaining vacancy.

Leasing

We are extremely pleased with our recent leasing achievements across the GDI portfolio as we capitalise on the Perth office market conditions. At Westralia Square, the Minister of Works signed a new 1,833sqm approximately 11-year lease for all of level 6. In addition, the Minister of Works extended the existing leases over levels 1 - 5 and 7 - 9 from a July 2028 expiry to now expire at the same time as the new level 6 lease. Together, this gives the Minister of Works all of the lower-level lift bank at Westralia Square, encompassing 16,347sqm, until March 2034. To facilitate the Minister of Works lease on level 6, GDI also executed a lease surrender with Euroz Hartleys and is itself relocating to approximately 150sqm suite on level 1 at WS2, with the balance of that floor under heads of agreement.

Two additional tenants, Leica Geosystems Pty Limited (Hexagon) and Infosys Technologies Limited signed five-year leases for a combined 2,919sqm for level 16 and the majority of level 17, resulting in Westralia Square having occupancy of 98% (up from 91.5% at 30 June 2023) with only 700sqm of vacancy, and a weighted average lease expiry of 8.2 years.

At WS2, GDI signed a new lease with Navitas Pty Limited for all of level 9 (approximately 866sqm) for a six-year term commencing on 1 April 2024. GDI also has signed three Heads of Agreements with tenants to lease all of levels 5,6 and 11, and the majority of level 1 (with GDI taking the balance). The recent activity brings the weighted average lease expiry of WS2, including Heads of Agreement, to 8.6 years, and committed occupancy to 82%, with levels 8 and 10 being the only vacancies.

We have had similar success at the Mill Green complex. Since 30 June 2023, at 197 St Georges Terrace, we have executed seven new leases or lease extensions representing 3,762.5sqm of space (being approximately 40% of our targeted letting goal of approximately 9,000sqm), the largest being Cygnet West's renewal of 1,235.6qsm (previously 1,645sqm) for 6.25 years, Paladin Energy Limited for all of level 11 (832.7sqm) on a 7-year term and Insight Enterprises Australia Pty Limited for all of level 8 (835sqm) for 4 years. Including Heads of Agreement, occupancy of 197 St George's Terrace is now 69%, down from 71% at 30 June 2023, albeit this included a two-floor tenant (1,717.7sqm) that departed at lease expiry in September 2023.

At 5 Mill Street, occupancy, including Heads of Agreement is 96%. 5 Mill Street comprises approximately 7,148sqm of net lettable area, and with over 30 tenants, there is invariably a short weighted average lease expiry and numerous impending expiries. Our decision to sub-divide several of the floors at 197 St Georges Terrace gives us greater flexibility to meet tenant expansion requests on lease expiry, and we are in active dialogue with several tenants regarding relocating between 197 St Georges Terrace and 5 Mill Street. As disclosed previously, during the period we did not look for any long-term leasing of 1 Mill Street given both the time of the cycle and its redevelopment opportunities.

At our only other wholly owned office asset, 180 Hay Street, Perth, although we have had numerous whole of building and multiple floor inspections, we are yet to progress to a leasing outcome. As the building presents as new and at a much lower cost than a new building, we can be competitive on rents. As the Perth market continues to tighten, we expect the interest in 180 Hay Street to increase.

Finally, at 235 Stanley Street, Townsville (Stanley Place), we had great leasing success with the Commonwealth Government (Great Barrier Reef Marine Park Authority) leasing 3,021sqm over levels 11,12 and 13 with a November 2023 commencement

date. Additionally, a Heads of Agreement was signed for part of level 4, approximately 248sqm on a 5-year term. This leaves only level 10 and part level 3 vacant, with occupancy now 89%.

Development

Since WS2 achieved practical completion in June 2023, we have welcomed Savills as the first tenant to move into the building, occupying level 7. The progress of ARUP's substantial fit-out, including floor penetration to connect levels 2 - 4 is tracking well, and we look forward to them moving in this year as WS2's anchor tenant. At the date of this report, five floors have been leased with a further four floors subject to Heads of Agreement. The development and leasing progress of Perth's first timber-hybrid office tower has progressed extremely well with the premium quality asset in high demand, noting its location, ESG credentials and superior finishes.

At our Wellington Street carpark, we recently received development approval to build a new 28,000 square metre steel and timber office building on top of the existing carpark. Under the scheme, most of the existing car bays will be converted to residential accommodation to conserve the existing concrete structure and minimise the use of concrete in the new office component. The development is expected to deliver an even larger benefit in terms of embodied carbon than WS2. We are in active discussions with prospective tenants about committing to the new office building and will not commence construction without a pre-commitment.

1 Mill Street currently has two development applications approved, one for an approximate 47,000sqm office building, which requires the demolition of the existing building and a second for an approximate 33,500sqm building, incorporating the existing 6,600sqm building and adding a further approximately 27,000sqm constructed from steel and timber. The significant interest we have seen from the occupier market for embodied carbon savings, together with the comparatively lower cost of construction and its faster build time favour the second development application for the site, and like the Wellington Street carpark, we are in discussion with some potential anchor tenants, but would not commence construction without a pre-commitment.

Carparks

GDI purchased the two Perth CBD carparks in December 2021 for \$68.5 million on a passing net yield of approximately 5%, or \$3.4 million p.a., well below their four-year average of closer to \$4.0 million. The year-to-date performance of the two carparks is tracking well, with FFO of \$2.2 million for the six-month period to 31 December 2023.

As Perth's office attendance rates continue to be one of the highest in the country post Covid-19, the performance of the carparks is expected to remain strong.

Funds from operations

GDI's largest asset by capital value is the two-building complex Westralia Square and WS2, 141 and 143 St Georges Terrace, Perth, respectively. As both buildings have been in a lease up stage, their contribution to FFO increases with occupancy as leases commence. With higher occupancy at Westralia Square, and WS2 welcoming its first tenant, FFO for the period was \$9.8 million, up from \$8.6 million for the previous corresponding period. With some significant leases due to commence in the next six months at both buildings, FFO is expected to continue to increase.

At GDI's second largest asset, the three building Mill Green complex, FFO decreased from the previous corresponding period to \$6.8 million (from \$8.6 million) as a result of a higher average vacancy level at 197 St Georges Terrace impacting net property revenue. Recent leasing success has addressed a significant portion of the vacancy and lease expiries, with new leases set to commence this year. As with Westralia Square and WS2, as occupancy increases at 197 St Georges Terrace, we expect the contribution to FFO from Mill Green to also trend upwards. As previously disclosed, we are not looking at any immediate long-term leasing of 1 Mill Street given its redevelopment potential, and accordingly, it has and will continue to have until the commencement of a development a negative contribution to FFO, being its holding costs of approximately \$0.4 million for the period.

The holding costs of 180 Hay Street, Perth, also negatively impact FFO. During the period its contribution to FFO was (\$0.2 million), in line with the previous corresponding period.

GDI PROPERTY GROUP DIRECTORS' REPORT

For the six-month period ended 31 December 2023

As discussed above, the performance of both carparks continues to be strong, with FFO for the period of \$2.2 million, compared to \$2.1 million in the first half of 2022.

Total property division FFO for the six-month period was \$18.5 million, a slight decrease from the previous corresponding period (\$19.0 million).

Valuations

All wholly owned assets were independently valued during the period. Westralia Square was revalued to \$379.0 million, up \$8.0 million from the independent value at 30 June 2023 of \$371.0 million. The valuation increase is predominately a result of the 16,347sqm lease and lease renewal with the Minister of Works and the two five-year leases signed on levels 16 and 17, with the resultant uplift in Westralia Square's occupancy and weighted average lease expiry from 5.7 years to 8.0 years. This has also led to a 25 basis point tightening of the market capitalisation rate to 6.00% from a previous 6.25%.

WS2 was revalued for a second time since achieving practical completion immediately prior to 30 June 2023. At 31 December 2023, WS2 was revalued to \$94.0 million. The \$4.0 million revaluation increase is attributable to the asset having a higher occupancy rate and slightly higher assumed market rents. The market capitalisation rate for WS2 remains consistent with the previous valuation at 6.50%.

The Mill Green complex was revalued to \$297.3 million, down from a 31 December 2022 valuation of \$301.5 million. The devaluation is attributed to 197 St Georges Terrace, Perth (\$205.0 million from a previous \$207.5 million) and 5 Mill Street, Perth (\$54.0 million from a previous \$58.0 million) as market capitalisation rates softened by 25 basis points to 7.25%. The devaluation of 197 St Georges Terrace and 5 Mill Street was partially offset by the valuation increase of 1 Mill Street, Perth to \$38.3 million from a previous \$36.0 million.

Both carparks were also independently valued, with the valuation of 419-431 Murray Street increasing to \$42.9 million (from \$42.5 million). The increase in the carpark's financial performance underpins the valuation increase despite the market capitalisation rate softening 75 basis points to 6.00% (5.25% at 31 December 2022). The valuation of 301-311 Wellington Street decreased to \$24.4 million (from \$32.00 million) resultant of a softening of the market capitalisation rate to 6.00% (5.25% at 31 December 2022), increases in outgoings, and forecast future leasing costs.

180 Hay Street, Perth was also revalued to \$18.8 million at 31 December 2023, resulting in a decrease of \$1.7 million from its previous valuation of \$20.5 million.

GDI's wholly owned portfolio is now independently valued at \$856.4 million.

We also independently revalued the consolidated 17 property Autoleague portfolio to \$140.6 million, up from a previous \$136.5 million at 30 June 2022. The valuation increase was primarily driven by increased adopted rents, partially offset by a softening in the average market capitalisation rate for the 17 properties to 6.4%, from a previous 6.0%.

Provided in the table below is GDI's portfolio metrics:

	GDI	
	As at 31 December 2023	As at 30 June 2023
Occupancy ^{1,2}	85.6%	82.5%
Weighted average lease expiry by occupied area ^{1,2}	5.7 years	5.2 years
Weighted average capitalisation rate ¹	6.6%	6.6%

1. Excludes 1 Mill Street but includes the small commercial tenancies at the Perth CBD carparks and the showrooms in the Autoleague portfolio.

2. Based on NLA and including Heads of Agreement to the date of this report.

2.1 (b) Funds Management

GDI's Funds Management business has a nearly 30-year track record of successfully managing unlisted, unregistered managed investment schemes. Over that time GDI has established nearly 40 unlisted, unregistered managed investment schemes, with over 30 of those now having been terminated. To date, no unlisted, unregistered managed investment scheme has returned a negative Internal Rate of Return ('IRR'). Our successful track record is partly a result of our disciplined approach to acquisition opportunities, and we will continue to review opportunities cautiously.

GDI PROPERTY GROUP DIRECTORS' REPORT

For the six-month period ended 31 December 2023

The Funds Business delivered FFO before interest and income tax expense of \$3.1 million for the six-month period to 31 December 2023 (31 December 2022: \$3.4 million). A large contributor to this is the distributions received from the consolidated funds, GDI No. 42 Office Trust (\$0.1 million) and GDI No. 46 Property Trust (\$1.4 million), with the balance of FFO largely being ongoing management fees.

The distributions received by the Funds Business were impacted by rising interest rates, despite the trusts being lowly geared. This in combination of net property income in GDI No. 42 Office Trust being re-invested into capital expenditure works and servicing tenant incentives led to a temporary reduction in distributions, particularly for the December quarter. However, we anticipate distributions to stabilise with additional rental income from new tenancies commencing in 2024.

2.1 (c) Co-living JV

In March and April 2023 GDI signed transaction documents to enter a Joint Venture to own, operate and syndicate Co-living mining accommodation (Co-living JV). GDI made a \$33.0 million investment into the Co-living JV with the intention that once the Co-living JV has sufficient scale and diversity, the real estate assets will be syndicated, and the initial invested capital recycled.

The two Co-living accommodation facilities are performing well, particularly the South Hedland Lodge and the accompanying South Hedland Motel, which recorded earnings before interest, tax, depreciation and amortisation (EBITDA) of \$6.5 million for the 6-month period, significantly higher than forecasted at the time of purchase. Since purchasing the South Hedland assets, the accommodation, facilities, and food offerings have been improved, directly leading to higher overall occupancy and longer-term tenure for some of the rooms.

At Norseman, the village benefits from a long-term contract with Pantoro Limited (Pantoro), whereby Pantoro has effectively guaranteed usage of a minimum of 80% of the rooms, which at an 80% usage would equate to a term of approximately 6.25 years. The security of this contract means that the village operates on a lower margin than the South Hedland facility, with a six-month EBITDA of \$1.8 million, in line with our expectations.

GDI has recognised an aggregate share of net profit before tax from the Co-living JV of \$3.7 million, and net profit after tax of \$3.2 million for the half-year ended 31 December 2023.

The expertise of the Co-living JV's management team and our Joint Venture Partner has yielded strong initial results. We look forward to expanding the operations of the Co-living JV and are actively pursuing a number of potential acquisitions.

2.1 (d) Operating costs

Operating costs predominately relate to remuneration, including an accrual of \$500,000 for staff bonuses and the expenses related to the vesting of outstanding performance rights.

2.1 (e) Net interest expense

During the half-year ended 31 December 2023, GDI executed a new Syndicated Facility agreement with two tier 1 financiers, extending the term and overall facility limit of GDI's Principal Facility. The Principal Facility now has a term maturity date of December 2026 (previously, July 2024) and an overall facility limit of \$376.5 million (previously, \$351.5 million).

The extension and increase of the Principal Facility delivers on GDI's stated strategic objectives of both diversifying its funding sources and putting in place through cycle funding. The \$25.0 million increase in the Principal Facility provides GDI with additional capacity to capitalise on the leasing momentum in the Perth market in general, and GDI's portfolio specifically.

Including the interest expense of the consolidated trusts, the interest expense for the period totalled \$8.9 million (31 December 2022: \$5.0 million). The increase in GDI's net interest expense is primarily attributable to the increased cost of debt.

Although the interest expense of the consolidated trusts is included in the statutory accounts, it is not included in GDI's FFO. The interest expense relating to the construction of WS2 is capitalised for accounting purposes until the building is operating in the manner intended by management.

DIRECTORS' REPORT

For the six-month period ended 31 December 2023

2.2 Financial position

2.2 (a) Balance sheet

GDI's balance sheet is in a strong financial position. As at 31 December 2023:

- Net tangible asset (NTA) per security is \$1.20 (30 June 2023: \$1.25)
- Gearing ratio of 32%; and
- Total Principal Facility debt outstanding is \$322.1 million, with undrawn facilities of \$49.4 million to facilitate capital expenditure requirements.

2.2 (b) Capital management

GDI is within its Principal Facility covenants, with a Covenant Loan to Value ratio of 37.8% (Covenant 50%) and a Covenant Interest Cover ratio of 2.01X (Covenant of 1.50X).

As GDI No. 42 Office Trust and GDI No. 46 Property Trust are both consolidated into the statutory accounts of GDI, their facilities are also shown in GDI's accounts. GDI No. 42 Office Trust has drawn debt of \$10.0 million, 19.6% of the independent value of the asset held by GDI No. 42 Office Trust, and undrawn debt of \$1.5 million, with an expiry July 2024. GDI No. 46 Property Trust has drawn debt of \$30.0 million, 21.3% of the independent value of the Autoleague Portfolio, with an expiry of February 2025.

During FY23, GDI established a dividend reinvestment plan and activated it for the FY23 final distribution. In total, 4,427,665 new securities were issued in accordance with the terms of the distribution reinvestment plan. GDI also issued 387,330 new securities in satisfaction of FY20 performance rights that vested.

No securities were purchased and bought back under GDI's on-market security buyback programme during the period.

Securities on issue now total 536,407,358.

2.2 (c) Hedging

During the period, GDI acquired further interest rate protection as follows:

- Interest rate caps on \$150.0 million of debt at BBSY of no greater than 4.25% until 31 December 2023 (now expired);
- Interest rate caps on \$200.0 million of debt at BBSY of no greater than 4.25% until 31 December 2024;
- Interest rate caps on \$100.0 million of debt at BBSY of no greater than 4.25% until 30 June 2025; and
- Interest rate swap on \$75.0 million at a fixed BBSY of 4.55% until 31 December 2025.

GDI has \$325.0 million of interest rate protection for calendar year 2024, \$175.0 million of protection until 30 June 2025 and \$75.0 million of protection until 31 December 2025.

At 31 December 2023, neither GDI No. 42 Office Trust nor GDI No. 46 Property Trust had any interest rate hedges or fixed rate borrowings.

2.3 Post balance date

No matter or circumstance has arisen since 31 December 2023 that has significantly affected or may significantly affect:

- GDI's operations in future years;
- the results of these operations in future years; or
- GDI's state of affairs in future years.

3. Future prospects

GDI's existing portfolio of assets in both the Property business and the Funds Management business provide significant scope for capital appreciation. To achieve this, we specifically intend to:

- Build on the leasing success achieved year to date and remain focused on successfully leasing most of the remaining vacancy across the portfolio.
- Secure pre-commitments for new developments at 1 Mill Street and the Wellington Street carpark to capitalise on existing development application approvals.
- Continue our active exploration of opportunities to add value to the portfolio by developing lightweight steel and timber buildings on existing assets.
- Attain sufficient scale and diversity in the Co-living JV through pursuing a number of potential acquisitions to add to the accommodation portfolio, and once achieved, bring a new fund opportunity to our investor base.

4. Distribution guidance

We confirm that it is our intent to pay a cash distribution of not less than 5.00 cents per security for FY24, regardless of our level of FFO, subject to no material change in circumstances or unforeseen events, noting that the cash distribution for the six-month period ended 31 December 2023 was 2.50 cents per security. As with the period ended 31 December 2023, we expect that a proportion of any cash distribution for the second half of FY24 will be paid out of capital.

5. Rounding of amounts

Amounts in the financial report and the Directors' report have been rounded to the nearest thousand in accordance with ASIC Corporations Instrument 2016/191, unless stated otherwise.

6. Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 8.

Signed in accordance with a resolution of the Directors of GDI Property Group Limited and GDI Funds Management Limited.

AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001 TO THE DIRECTORS OF GDI PROPERTY GROUP LIMITED AND GDI FUNDS MANAGEMENT LIMITED AS RESPONSIBLE ENTITY FOR GDI PROPERTY TRUST

In accordance with Section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of GDI Property Group Limited and GDI Funds management Limited as responsible entity for GDI Property Trust.

As the lead audit partner for the review of the financial report of GDI Property Trust and GDI Property Group Limited and their controlled entities (collectively "GDI Property Group") for the half-year ended 31 December 2023, I declare that, to the best of my knowledge and belief, there have been no contraventions of:

- i. the auditor independence requirements as set out in the Corporations Act 2001 in relation to the review; and
- ii. any applicable code of professional conduct in relation to the review.

NOTE 1 – SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

GDI Property Group ("GDI") was formed by the stapling of GDI Property Group Limited (the "Company") and GDI Property Trust (the "Trust"). The Responsible Entity of the Trust is GDI Funds Management Limited, a wholly owned subsidiary of the Company. The Group was established for the purpose of facilitating a joint quotation of the Company and the Trust on the ASX. The constitutions of the Company and the Trust, together with a Co-operation Deed dated 25 November 2013, ensure that for so long as the two entities remain jointly quoted, the number of units in the Trust and shares in the Company shall be equal and the unitholders and the shareholders be identical. Both the Responsible Entity of the Trust and the Company must at all times act in the best interests of the Group.

The Company has been deemed the parent entity of the Trust. The consolidated financial statements and notes represent those of the Company and its controlled entities, including the Trust and its controlled entities as the deemed acquiree. The financial report includes separate financial statements for:

- the Group, consisting of the Company, the Trust and their controlled entities; and
- the Trust, consisting of GDI Property Trust and its controlled entities.

The half yearly financial statements are authorised for issue on 19 February 2024 by the Directors of the Company and the Responsible Entity of the Trust.

(a) Basis of preparation

These general purpose interim financial statements for the half year ended 31 December 2023 have been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This half year financial report is intended to provide users with an update on the latest annual financial statements of the Group and its controlled entities and GDI Property Trust and its controlled entities. As such, it does not contain information that represents relatively insignificant changes occurring during the half year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the financial year ended 30 June 2023, together with any ASX announcements made during the following half year.

(b) Consolidated financial statements

The half yearly financial report of the Company and its subsidiaries and the Trust and its subsidiaries have been presented jointly in accordance with ASIC Class Order 13/1050 relating to combining or consolidating accounts under stapling and for the purpose of fulfilling the requirements of the Australian Securities Exchange ("ASX").

The shares of the Company and the units in the Trust are stapled and issued as stapled securities of GDI. Whilst the shares and units are stapled, they cannot be traded separately and can only be traded as stapled securities. The stapling occurred on 16 December 2013, with trading on the ASX commencing on 17 December 2013.

The stapling has been accounted for pursuant to AASB 3: *Business Combinations*. The Company has been identified as the acquirer of the Trust whereby the Trust's net assets are attributed to the trust unitholders. In this regard, the unitholders are treated as the non-controlling interest in the post-stapled financial statements of GDI, despite the fact that such owners also have an equal interest in the Company.

(c) Accounting policies

The same accounting policies and methods of computation have been followed in this half year financial report as were applied in the most recent annual financial statements.

b) Valuation basis

The basis of valuation of investment properties is fair value, being the amounts for which the assets could be exchanged between knowledgeable willing parties in an arm's length transaction, based on current prices in an active market for similar properties in the same location and condition and subject to similar leases. All non-current investment properties have been independently valued in the last twelve months based on independent assessments by a member of the Australian Property Institute of Valuers.

The table below illustrates the key valuation assumptions used in the determination of the investment properties fair value.

Valuation basis	31 December 2023	30 June 2023
Weighted average capitalisation rate ¹ (%)	6.6%	6.6%
Weighted average lease expiry by area ^{1,2} (years)	5.7 years	5.2 years
Occupancy ^{1,2}	85.6%	82.5%

Ten-year discounted cash flows and capitalisation valuation methods are used together with active market evidence. In addition to the key assumptions set out in the table above, assumed portfolio downtime ranges from 12 to 24 months and tenant retention of 50%.

c) Assets pledged as security

Borrowings (refer Note 7) are secured by a General Security Agreement (GSA) over each entity plus charges over any building document, lease document, performance bond and bank guarantee in addition to a real property mortgage over each property.

^{1.} Excludes 1 Mill Street, but includes the small commercial tenancies at the Perth CBD carparks and the showrooms in the Autoleague portfolio.

^{2.} Based on NLA and including Heads of Agreement to the date of this report.

NOTE 6 – INVESTMENTS IN JOINT VENTURES

a) Information about joint ventures:

GDI has a 49.99% interest (30 June 2023: 49.99%) in Resource Accommodation Management Pty Ltd and a 50% (30 June 2023: 50%) interest in RAM Operations Pty Ltd, GDI Tulla Investment Management Pty Ltd and the Co-living Accommodation Trust 1 (held by the Trust). The joint ventures are collectively described as the Co-living JV.

The Co-living JV owns and operates Co-living mining accommodation facilities in Norseman and South Hedland, Western Australia. GDI's interest in the Co-living JV represents a strategic investment and compliments both GDI's Property and Funds Management businesses.

GDI and the Trust's interests are accounted for using the equity method in the consolidated financial statements. Summarised information of the Co-living JV and reconciliation with the carrying amount of the investment are set out below:

NOTE 9 – SEGMENT REPORTING

a) Identification of reportable segments

GDI

The Chief Operating Decision Maker (CODM) has been identified as the Board of Directors as they are responsible for the strategic decision making within GDI. The following summary describes the operations in each of the GDI's operating segments:

Operating segments	Products/Services
Property	Investment and management of income producing properties
Funds management	Establishment and management of property investment vehicles
Co-living JV	Ownership, management and syndication of Co-living mining accommodation

The Board assesses the performance of each operating sector based on FFO. FFO is a global financial measure of the real estate operating performance after finance costs and taxes, adjusted for certain non-cash items. The Directors consider FFO to be a measure that reflects the underlying performance of GDI. GDI's FFO comprises net profit/loss after tax calculated in accordance with the Australian Accounting Standards and adjusted for property revaluations, impairments, derivative mark to market impacts, amortisation of tenant incentives, straight line rent adjustments, gain/loss on sale of assets, deferred tax expense/ benefit and rental guarantees.

Trust

The Trust operates in predominately one operating segment being property investment.

NOTE 10 - FAIR VALUE MEASUREMENTS

a) Valuation techniques

GDI selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by GDI are consistent with one or more of the following valuation approaches:

- Market approach: valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.
- Income approach: valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.
- Cost approach: valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, GDI gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

NOTES TO THE FINANCIAL STATEMENTS

For the six-month period ended 31 December 2023

b) Financial instruments

The following table represents a comparison between the carrying amounts and fair values of financial assets and liabilities:

Total financial liabilities	384,680	384,680	363,085	363,085	

c) Fair value hierarchy

GDI and Trust measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition:

- Derivative financial instruments; and
- Investment properties.

GDI and Trust do not subsequently measure any other liabilities (other than derivative financial instruments) at fair value on a non-recurring basis.

AASB 13: *Fair Value Measurement* requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurements into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1	Level 2	Level 3
Measurements based on quoted	Measurements based on inputs other	Measurements based on
prices (unadjusted) in active markets	than quoted prices included in Level 1	unobservable inputs for the asset or
for identical assets or liabilities that	that are observable for the asset or	liability.
the entity can access at the	liability, either directly or indirectly.	
measurement date.		

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

NOTES TO THE FINANCIAL STATEMENTS

For the six-month period ended 31 December 2023

The following tables provide the fair values of GDI's and the Trust's assets and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation within the fair value hierarchy:

e) Sensitivity information

Significant movement in any one of the inputs listed in the table above may result in a change in the fair value of the GDI's investment properties and non-current assets held for sale as follows:

	Fair value measurement sensitivity to:			
Inputs	Significant increase in input	Significant decrease in input		
Discount rate	Decrease	Increase		
Capitalisation rate	Decrease	Increase		
Assumed market rent per square metre of NLA	Increase	Decrease		
Price per square metre of NLA	Increase	Decrease		

^{1.} The fair value of Investment properties is determined annually based on valuations by an independent valuer who has recognised and appropriate professional qualifications and recent experience in the location and category of investment property being valued. The total includes investment properties held for sale.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE STAPLED SECURITY HOLDERS OF GDI PROPERTY GROUP LIMITED AND THE UNITHOLDERS OF GDI PROPERTY TRUST

Conclusion

We have reviewed the half-year financial report of GDI Property Trust and GDI Property Group Limited and their controlled entities (collectively "GDI Property Group"), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of profit and loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year then ended, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of GDI Property Group does not comply with the Corporations Act 2001 including:

- (a) giving a true and fair view of the GDI Property Group financial position as at 31 December 2023 and of its performance for the half year ended on that date; and
- (b) complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410: Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of GDI Property Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibility of the Directors for the Financial Report

The directors of GDI Property Group Limited and GDI Funds Management Limited, the responsible entity of GDI Property Trust are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the GDI Property Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE STAPLED SECURITY HOLDERS OF GDI PROPERTY GROUP LIMITED AND THE UNITHOLDERS OF GDI PROPERTY TRUST

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
